FEEDING DIRECTIONS:

Feed this product at the rate of 1 lb per 250 pounds of body weight. Cattle unaccustomed to eating range pellets should be fed Co-op or Tevaco Range Pellets for a few days and then wormed with the correct amount of Co-op Cattle Wormer Pellets. Feed as sole ration for one day, making sure all cattle consume product at recommended rate.

Caution: do not use within 13 days of slaughter. Do not use in dairy cattle of breeding age.
